

Sears

*Where progress is measured
by new ideas,
and where new ideas are judged
solely on their capacity
to better serve our customers*

New Ideas? This book is full of good ones — ideas such as a new home fire-alarm system that is able to “sense” fire even before smoke begins to form, a ready-to-finish furniture group now for the first time in popular Mediterranean style, even an entirely new type of compact appliance—a refrigerator with its own built-in icemaker, both in one unit that fits in a space only 19 inches wide.

New ideas? Sears has a whole new concept in catalogs that we believe is a big step forward in better-serving our customers. This concept is really 18 ideas—18 specialized catalogs, each one designed to meet a specific interest you may have. For example, we’re issuing for the first time this spring a 28-page “Naturama” catalog of natural and organic foods, vitamins and cosmetics; a 48-page collection of the latest ideas in Wallcoverings; a 24-page book of Career Apparel for men and women.

Take a look at page 638 and read all about these three brand new books as well as the other fifteen specialized catalogs we offer; whether you’re a home owner, a car owner, a business man, tall man or sportsman, you’re sure to find one that interests you. Any of these 18 catalogs is yours for just the asking and, as with all Sears catalogs, whatever you buy is backed by our pledge, “Satisfaction Guaranteed or Your Money Back.”
